Cookie Policy

This website uses cookies. Cookies are small text files that can be used by websites to make a user's experience more efficient. We use cookies to collect statistical information including navigation paths, number of visits, returning customers and hits per page and they help users navigate efficiently and perform certain functions. We can store cookies on your device if they are strictly necessary for the operation of this site, but for all other types of cookies we need your permission.

This site uses different types of cookies which are listed below.

You can at any time change or withdraw your consent from the cookie consent tool on our website.

Learn more about who we are, how you can contact us and how we process personal data in our Privacy Policy.

Performance cookies

Performance cookies allow us to see how well our website is performing. The information that is collected is aggregated and anonymous and is only used to help understand how the website works.

Name	Domain	Expiry	Description
_ga	Google	2 years	This cookie name is associated with Google Universal Analytics - which is a significant update to Google's more commonly used analytics service. This cookie is used to distinguish unique users by assigning a randomly generated number as a client identifier. It is included in each page request in a site and used to calculate visitor, session and campaign data for the site's analytics reports.
_gid	Google	1 day	This cookie name is associated with Google Universal Analytics. The cookie is used to store information of how visitors use a website and helps in creating an analytics report of how the website is doing. The data collected including the number visitors, the source where they have come from, and the pages visited in an anonymous form
_gat_UA-132224093-1	Google	53 seconds	This is a pattern type cookie set by Google Analytics, where the pattern element on the name contains the unique identity number of the account or website it relates to.

Targeting

Targeting cookies are used to identify visitors between different websites. Those cookies may be used by companies to build a profile of visitor interests or show relevant ads on other websites.

Name	Domain	Expiry	Description
